Established in 1999, Falcon Search.com LLC Dubai has worked with numerous organisations in providing various services spanning from Web design to marketing consultancy. Our varied and extensive experience has led to designing and building Internet and Intranet solutions for business, Govt. Departments and non-profit groups. With our diverse experience and constant research, we have enhanced our capabilities into new areas such as online media management. The online marketplace is increasingly being transformed into an organised sector and we work towards ensuring that we play our part.
