The start was back in 1936 in Sharjah, UAE when we established Zainal Abdul Rehman and Sons Trading Company, even though the start was humble; still, we were able to lay the right foundations necessary for future expansions. When the right time came, the company invested in soap powder production, detergents, paper tissue converting and disposable items (plastic spoons, drinking straws and Aluminium foil) Our production activities were expanded to meet the regions increasing demands for those products and to diversify our activities in several sectors in addition to our active contributions in the Gulf's economy with special emphasis on UAE economy.
