Transemirates Contracting is one of the leading construction companies in the Gulf area and particularly in the United Arab Emirates. With the head office located in the emirate of Dubai and branch offices in Sharjah, Abu Dhabi and Al Ain, the company managed to have a noticeable participation in the construction industry. With the high engineering qualification of the company’s Managing Director, assisted by the knowledge and experience of the Business Development Manager and with the aid of the supporting staff, TEC successfully managed to construct and complete a noticeable number of major and prestigious projects, to name some of these projects is the construction of the state of the art of one of the most noticeable land marks in Dubai and that is the Mercato Mall, with the magic vision of our CEO, the unique architectural design as well as the devoted engineering work we constructed one of the most attractive part in the emirate of Dubai. However, the above were not a drawn line to our vision, on the contrary, this gave us more courage and encouragement to reach for more artistic projects to be constructed by our company in order to keep in pace with the magic progress the emirate of Dubai is making.
