We take immense pleasure to inform you that we are one of the leading Engineering Consultants in the UAE and other parts of the Middle East established in the year 1968, with an enormous experience of four decades to our credit, during which we created landmarks which includes Universities, Shopping Malls, Skyscrapers, Embassies, Warehouses, Schools, Mosques, Villas, Commercial and Residential Buildings. Adding glory to our one of the many credits was the Al-Zaher Palace, of His Highness Sheik Rashed Al Noeimi, which was a distinguished project designed by us, was printed on the first Currency of UAE, a fifty Dirham Bank note. We have a 350 plus strong dedicated workforce in multiple disciplines which includes, experienced and highly qualified Professional Engineers, in Architecture, Structure and as well as Architects, Interior Designers, Surveyors, AutoCAD-Draughtsman, Illustrators, Graphic Designers and other managerial staff overlooking Liaisoning with various Government Departments handling all sorts of official chorus and formalities. We are always focused to assist, ensuring projects are suitably designed, efficiently constructed, in time completion and producing the desired results precisely to the specifications.

many more are in the pipeline. Apart from UAE we have our offices in Jordan and Qatar where our projects are going on and some of them are in concluding stages, and many are in the pipeline. During these decades old practice we had always insisted on adopting of an evolution for a sturdiest construction philosophy which can be visualized globally in the long term. In addition to this providing utmost care to the clients concerns remained our Numero Uno motto
