Union Gulf Services is a 100% UAE National owned company established in Abu Dhabi during the year 1979 with a paid up capital of DH 1,700,000.00. Our objectives are to participate with major manufacturers, service companies and consultants to optimize their business in the UAE thus meeting the demands of Oil/Gas Operating companies as well as Government Utilities and Local industries. Union Gulf Services project development activities are based on its experience and detailed knowledge of the Abu Dhabi business system. The company offers clear and informative advice to its Principals on how best to develop their business strategy, from project inception through to completion. Union Gulf Services having a General Trading Licence operates a reputed Trading Division which over the years has built up its expertise and staff to cover the supply of equipment, spare parts, and general industrial supplies to the local Oil and Gas Industry as well as Government utilities.
