Bright Air Conditioning Co., Ltd. is a Chinese private group of companies established in 1987 and specializes in climate technology. We have expanded to a wide spectrum of products and services for air conditioning, treatment and ventilation, as well as heating systems for both industrial and domestic sectors over the years. Bright Air Conditioning Co., Ltd. is located at Dezhou City of Shandong Province. We are one of the most professional and one of the well known enterprises in China. Our new industrial park covers a total area of 600,000 square meters with a workshop area of 200,000 square meters. Bright Air Conditioning Co., Ltd. is provided with Quality certification according to ISO9001:2000 and ISO14001:2004 and is strongly committed to customer satisfaction, through R&D Department and after sales department which are dedicated to fulfilling any client's requirement with the most efficiency and flexibility. Bright also provides technical training for products to valued importers and distributors. Being dedicated to a variety of applications in the residential, industrial, commercial and urban sectors, Bright has gained proven design and manufacturing capabilities, which make our company a point of reference for energy saving and environmental protection technologies in the frame of international directives.
