Abu Dhabi Aviation performs training on many levels, supporting not only our own training needs but those of our customer base as well. We offer a wide range of training courses that include Pilot training, Engineer training, Cabin Crew training as well as ancillary programs such as CRM, Human Factors for Engineers, Dangerous Goods, Crew Fire Fighting, SEP, First Aid using structured classes that are led by some of the industry's finest. Our focus is to create a meaningful learning experience in the most cost effective manner thus achieving a greater success rate for all students. Using the latest simulation based tools for our pilots to hands on experience; our programs have proven time and again to be a valuable asset in the progress of all our candidates.
