Eastern Skyjets is a charter airline based in Dubai, United Arab Emirates. Eastern Skyjets is an established aircraft charter airline with full infrastructure based at Dubai International Airport. Eastern Skyjets is a Dubai based charter airline operating under its own UAE Air Operator's Certificate (AOC) granted by the General Civil Aviation Authority (GCAA) in 2005. We operate with UAE registered, medium sized passenger aircraft and have access to a wider fleet which can be used as required. By adopting this ethos, we are able to offer flexible and cost effective solutions that can be tailored to meet the specific needs of each of our clients. Since its formation, Eastern Skyjets has excelled into a pole position and is now the region's leading charter operator providing passenger services to regional airlines, major logistics companies and government organizations.
