From humble beginnings, the Al Majarraah Group has emerged as one of the prominent tool houses and center point for hardware and garage equipments. Established in the year 1988, the Al Majarraah Group has progressed into a multimillion organization with branches in Abu Dhabi and Dubai. Although the business setup was mainly related to hardware supply, we had to expand our business to other fields basically due to the demand from our clients for various other industrial products. As such we procured distributorship for the following products: * ABRASIVES * ADHESIVES * AEROSOL SPRAY * AUTOMOTIVE SPECIAL TOOLS * BUILDING MATERIALS * CUTTING TOOLS * DRILL BITS * FASTENERS * GARAGE EQUIPMENTS * HAND TOOLS * HARDWARE * HYDRAULIC EQUIPMENTS * LIFTING EQUIPMENTS AND ACCESSORIES * MACHINE TOOLS
