Alghanim Industries is one of the largest, privately-owned companies in the Gulf region. With 30 businesses employing 64 different nationalities, we have a multi-cultural workforce that benefits from a working environment based on international best practices and business philosophies. Excellent internal communications and shared common goals underpin all our activities. Our working days are often challenging but you will feel rewarded for your efforts. We firmly believe in supporting the career aspirations of our employees and have world-class performance management and development systems in place to help them achieve their goals.
