Phone: 971 6 5431991
Fax: 971 6 5434323

ALBA TOWER has gone from strength to strength in a relatively short period since it was established in 1991. We have established ourselves in a very competitive market and proven our products against existing manufacturers. This has been achieved and production increased every year, our new factory is now housed in a 20,000 M2 facility. The company's success is due to maintaining strict quality control without compromise yet at competitive prices. Our factory produces finished items to British and Japanese standards. The factory's capability includes manufacture of cast aluminium, stainless steel and brass fabrications. The work force is highly skilled and properly guided by the management.
