If you are a current client, a potential client or a fellow business partner, we hope that you will find our information helpful. Navigating this site will introduce you to whatever aspects of this great group of companies that interests you. Our mission is to lead the construction and manufacturing industries and continue to deliver high quality products and services to the UAE market and the Gulf countries. We stand firmly on our belief that the quality and integrity are core values in everything. Thirty years ago I had the vision to establish a group of businesses to satisfy the needs of the most demanding project owner; be an investment project in residential communities, a university building with accommodations, a luxury tower soaring through the clouds or a luxury resort where people would come and enjoy. Today I am proud to be the establisher of this group and have executed many of these projects. My staff and I are grateful to all the reputable and prestigious clients who honored and trusted us with the execution of their dream projects come true.
