True to old adage 'little drops make a mighty ocean' we too started off on a small scale in KSA in 1982 with a dream to grow big. The Foundation was laid and what started off as a modest trading outfit over time began to blossom and bear the fruits, seeds of which were sown by our team of highly talented professionals. The taste of success would not be sweet if it was not for their dedication and hard work. It has been three long decades since and there is no looking back as we continue to march ahead achieving one milestone after another and leaving our indelible impressions on the sands of time. Our enviable presence in HVAC industry around the GCC and indeed across India has reinforced the trust of our customers and added inches to our image which is why CMS Group walks so tall today.
