

AL REMAL ALUM & GLASS

Sharjah,UAE
27105
United Arab Emirates

Phone: 971 6 5342855
Fax: 971 6 5342866

Accross the world, from Sydney to San Franscisco and Dublin to Dubai, city skylines are changing. Dull rectangular concrete stacks are giving way to breathtaking glass towers that glitter in the sunlight and reflect vibrant nights around them. Glass, framed in the strength of aluminum. It's the material of the moment and of the future. It empowers architects to realize their vision in the most innocvatice shapes and structures while meeting new standards of safety and energy efficiency.
