Al Hamad Group of Companies has been at the forefront of the construction industry for more than 20 years and has the capability to carry out design, execution, and maintenance of both conventional and turnkey construction projects with a workforce of over 18,000 employees in the Middle East. The Groups in-house capability to design and execute all activities related to the construction industry, from pre-tendering conceptual stage, through design and construction to handover to the client is a feature that distinguishes the Al Hamad Group of Companies from most other companies in their field. This ability has contributed enormously to the growing success of the Al Hamad Group. The Al Hamad Group of Companies continues to build on the basis of the same core values since they first established - Safety, Quality and Leadership. The Groups plans for the future are to continue expanding and growing to be the leading Group of Companies in the construction and development industry in the Middle East and North Africa.
