Established in 1995, Murano Lighting Company L.L.C. has over the years evolved from a small trading company into a leading specialized lighting company. Over the past 14 years, we have served a diverse clientele including hotel chains, residential buildings, commercial towers, hospitals, schools, banks, palaces and villas. Our extensive range of lighting products enables us to provide turnkey lighting solutions for all types of projects, big or small. Our services include lighting design and procurement of customized fittings. We have a dedicated team of lighting designers, engineers, technicians and sales personnel who are trained to understand the lighting needs of our customers and provide innovative solutions. Our lighting experts can recommend high quality lighting products satisfying the technical requirements and the budget of our customer. Our dedicated customer service and after sales service ensures an overall rewarding experience for our clients. Our product range includes architectural lighting, indoor decorative lighting and outdoor lighting. Apart from our conventional range, we provide lighting for specialized applications such as façade lighting, hospital lighting and museum lighting. Apart from our associated brands, we offer two product lines under the brand Murano lighting - Traditional and Contemporary. We, at Murano Lighting, are passionate about promoting the latest lighting technologies and practices in the lighting field. We promote innovative, eco-friendly, energy efficient lighting technologies. Our wide range of LED and solar lighting products are both affordable

and energy efficient. Our continuing steadfast relations with leading lighting manufacturers in Europe, United States and China enable us to monitor upcoming trends in the lighting field and satisfy even the most sophisticated and specialized requirements of our customers. Starting from a single showroom and office in Sharjah, we have expanded with showrooms and offices in Dubai, Sharjah, Abu Dhabi, New Delhi and Nairobi. We continue to grow and maintain our global presence, with satisfied customers from Africa, Middle East and South Asia. Dubai
