Maxell International L. L. C. was established in 2003 by a team of qualified professional engineers and marketing experts to provide exclusive and specialized services to the onshore and offshore industry in marine safety, fire fighting and life saving equipment. The array of products we offer includes:

- Life Saving Appliances
- Fire Fighting Appliances
- Fixed Fire Extinguishing System
- Fire & Gas Systems
- Navigation and Helideck Lighting
- Breathing Air Support System
- HSE & Personnel Protecting Equipments
- Engineered Systems for New Building onshore projects
- Heavy machineries & Cargo Cranes for Marine & offshore vessels
- Off The Road Tires for Land Rig, trailers, Queries & Mining Industries
- Food service systems and galley equipment.

With our office, fully equipped workshop and service facility located in the Al Qusais Industrial area 1, in close proximity to both Sharjah and Dubai ports, our aim is to offer an optimized cost-effective, efficient and specialized service to offshore & onshore safety, fire protection and life-saving supplies through in-house development of innovative customer-oriented engineering solutions and best-practice work-flow methods. As testament to our service excellence, and commitment to all aspects of product 3

supplies & dedication to quality, health and safety, we achieved the ISO 9001-2000 certification within a year of commencement of operations. The top management with a vision, and highly competent techno-commercial team, as well as a self-motivated trained work force have complemented and produced a synergistic business environment with total focus on customer care and service. Quality and Safety are the cornerstones of Maxell's attitude to specialized, innovative and ever-changing project requirement challenges. We offer complete service systems, requisite for onshore and offshore new building projects and have effectively completed supply and installation of numerous specialized systems. We are also specialized in supply of various engineering equipment, heavy machineries and spares for the ship building projects, onshore and offshore drilling operations, production platforms and oilfield support activities. In addition to stocking a wide range of product and services which cater to the oil industry, we are backed by the support of well reputed manufacturers from around the world. We are also one of the leading Designers, Manufactures, Trader and Stockiest of Kitchen, Bakery Refrigeration Laundry, Operating Equipment & Cold Room Systems, Gas Piping and Exhaust System. We represent major brands from USA, UK and European Manufacturers since 2003. Our Clientele includes major Hotel Chains, Restaurants, Coffee Shops, Universities, Large Catering Companies, Offshore Oil Platforms, Drilling Rigs, Ocean going vessels, Cruise Liners. We have executed successfully many prestigious projects in the region since inception. We constantly strive to meet our valued customer's ever-expanding needs and requirements. At the same time our vision is to be among the market leaders in specific fields by developing innovative technological & commercial solutions while upholding total customer focus. Our management leadership is directed to growth and service excellence. Indeed we have successfully completed many prestigious and technologically advanced projects and contracts, well within the agreed time span, by giving exceptionally reliable service, leading to total customer satisfaction.
