The P&T Group, formerly known as Palmer and Turner Hong Kong, is the oldest and largest international architectural engineering practice in the South East Asia with over 1,900 staff, working from offices located in Hong Kong, Macau, Singapore, Bangkok, Vietnam, Indonesia, Malaysia, Shanghai, Beijing, Wuhan, Dalian, Chongqing, Shenzhen, Dubai, Abu Dhabi, Ajman, Ras Al Khaimah and Qatar. Projects are also undertaken in most other Southeast Asian countries. Palmer & Turner was first established in Hong Kong in 1868, and since its inception, has proved a major contributor to the physical development of this region and responsible for many of its old and new architectural landmarks. The P&T Group offers a full range of architectural, structural and mechanical engineering, planning and project management services, with full support from in-house interior and graphic design divisions. Model making, extensive computer and photographic facilities, as well as full administrative support complete this service of total design. The Group is committed to the pursuit of excellence in the architectural and engineering field and aims to improve the quality of life by contributing to the

design of the physical environment. Professional emphasis is placed on visual and functional elements of design, to create buildings that are both aesthetically pleasing and sympathetic to their surroundings.
