Serendipity is an owner managed design consultancy with a hand picked team of professionals with a rare mix of broad range skills and a vast amount of international experience. We pride ourselves in combining our talents to provide clients with the optimum design in master planning, architecture and interior design. Our team forged over the past 14 years, established at the outset of Dubai's property development boom offers clients a design solution that is deliverable, creates value and sustains performance over the long term. We offer an all-encompassing design service, fast response, efficient management, innovative design concepts and quality results within budgets and we deliver on our commitments.
