Founded in 2005 Trillium Engineering Consultants is nationally recognized , award winning engineering firm based in Canada and United Arab Emirates . The firm emphasis on providing value- added design to clients in the commercial and corporate market has culminated in the planning and design of commercial , residential , mixed use , urban and infra structure projects. Trillium approach to projects not only addresses client's goals and challenges, but also the needs and desires of the ultimate end user. We bring a heightened understanding of how design affects life, and how to create experiences that are memorable and enduring.
