Our products are made of natural animal fur and leather. Almost all can be done by artificial fur if your country does not allow real animal fur. They look real and lively with full handwork technique, high-level craftwork and beautiful models. They are not only fine indoor decorations and gifts for friends and relatives, but also toys for children. With a history of over 30 years, our company has been specializing in producing and exporting furry animals and fur garments. Our products have been exported to more than 20 countries and areas in the world. With more varieties, top quality and best prices, our products have been popular in the world for many years.
