Fax: 971 4 3410843

Started in 2004, Flicker Show is a premier media production house, complete with three independent sections that cover audio, video production & photography. We love what we do and we give all our projects everything we got. We consider our clients our partners, so their success is just as important as ours. If you have any media related inquiries, please don't hesitate to contact us at any time. Our producers would love to hear from you.
