Deloitte in the UAE was established in the 1960s and is part of a regional network of firms in the Middle East as well as a member of the global Deloitte Touche Tohmatsu firm. We recognize that the special requirements of small businesses are very different from those of multinational corporations and we have the experience and the understanding to meet the needs of both. With the strength of our global organization behind us, we offer small and large companies the best of both worlds. Our personal attention and specialized knowledge are combined with the global resources and expertise of a major international firm. Deloitte Touche Tohmatsu has identified the Middle East as a priority market representing superior growth and share gain opportunities and as such, countries such as the UAE are being targeted for substantial investment from Deloitte. This is being accompanied by a focused strategy of expansion in key business areas and a continued emphasis on recruiting and retaining the most talented professionals from the region and other countries to serve Middle East companies.
