Right Bite consists of a team of highly qualified dietitians and chefs with culinary expertise in a wide range of cuisines who work to provide you with a lifestyle enhancing nutrition and catering service. Right Bite is tailor-made to you, to provide you with healthy menus of your choice delivered right to your doorstep. A concept created with you in mind, it allows you to go about your day without having to worry about your nutritional needs. With a wide variety of restaurants to choose from, hectic schedules and a continuous struggle to maintain a healthy lifestyle, Right Bite offers the perfect solution. Right Bite provides you with your dietitian, that takes care of your nutritional requirements for you, chefs who prepare the meals based on your requirements and taste buds, and your customer service representative that follows up your menus, travel schedule and ensures you are fully satisfied with the Right Bite experience. Your meals are prepared at Right Bite's central kitchen, which is state-of-the art, using the most up-to-date equipment and cooking methods to deliver to you a quality healthy product. Our kitchen is built inline with international health standards and is fully HACCP certified by TUV an independent body that certifies and evaluates our kitchen's hygiene performance. At Right Bite we also have our in-house quality controller to ensure that all the products we use are "A" grade, and that our kitchen is operating with food hygiene standards and HACCP guidelines at all times.
