Laser Eye Medical Center was established with the assistance of Altumoosh project which is operating with the help of His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Crown Prince of Dubai, Minister of Defense UAE and Chamber of Commerce and Industry in Dubai. In addition the center is provided by very competent and efficient staff and Eye Specialists including Retina and Laser Specialists.

It also includes separate section for Optometrist, Orthoptist and contact lenses. More services added like Ent Speciality and Family Medicine Speciality. We are pleased to announce that L.E.M.C. is the first center in Middle East to perform Cataract Extraction using a very modern Laser Technique called Phacolase (or Laser Phaco). The cataract is removed through a very small incision without using surgical sutures. There is no need of general anaesthesia as the surgery takes very short time. The patient is discharged on the same day.
