Jomayli Interior & Furniture is a young and dynamic company with European management, servicing Dubai, Abu Dhabi, Sharjah and other cities in the UAE, as well as the GCC countries. Our company primarily focuses on custom-made furniture, which includes upholstery, re-upholstery, and wooden furniture, as well as window decoration and home furnishing services. We work with excellent partners to provide any other type of furniture and interior specific services you need. What we really stand for is summarized in our tagline: Excellence by Design. At Jomayli, excellence is built in from the core of how we do business, the materials we use, the suppliers we use, the craftsmen we hire, how we manufacture products, how we deliver our products, and how we service our customers.
