India

Phone: +91 9274744797

The aromatic flavour of Indian agri commodities has fascinated the world since the ancient times. Inheriting the rich heritage, we represent SYNERGY impex as a young, energetic, next generation organization engaged into exports of agri commodities. Sesame seeds have been enjoyed by humans since the dawn of civilization. Today Sesame seeds have its own importance in many food preparations across the globe. India is the world's largest producer of the Sesame seeds, accounting one-third of the global output. There are three main varieties produced in India : White, Brown and Black. We supply White Sesame seeds with 98% or higher purity in following varieties: > Natural Sesame seeds > Hulled Sesame seeds > Roasted Sesame seeds > Toasted Sesame seeds
