It always pays off to call the professional TGMC linguists whether it is legal translation, press release or an advertisement that you are trying hard to write or edit in another language. Better yet, there is even more of a reason to call the professionals when you need any simultaneous interpretation for conferences, seminars and business meetings in any language. Languages handled by TGMC: Arabic, English, French, German, Spanish, Russian, Italian, Japanese, Chinese, Portuguese, Farsi, Urdu, Romanian, Swedish, and Turkish. Any other language can be provided upon request.
