We are a general practice firm, specializing in dispute resolution and litigation in the real estate sector in the United Arab Emirates. Our dispute resolution services range from business negotiations, alternative dispute resolution to litigation. We provide legal advice on commercial and corporate matters, such as business set-ups and management, contract negotiation and drafting and financial restructuring and refinancing. We also offer legal services in strata law, working closely with strata management companies, developers and the Dubai Land Department. We have expertise in employment and labour law in the U.A.E., as well as in intellectual property law worldwide. We count as part of our team a number of off-counsel attorneys who are highly experienced professionals in their respective jurisdictions (United States, United Kingdom and U.A.E.), thereby offering our clients extensive legal representation worldwide.
