Elite Cosmetic Surgery Group is headed by Dr. Allen Rezai M.D., a leading Senior Consultant Plastic & Reconstructive Surgeon of international renown, who has for many years lead a distinguished career both from his well-known clinic in Harley Street, London, UK and worldwide. Elite Cosmetic Surgery Group's team of experts have many years of experience in Plastic & Reconstructive surgery and are all specialised in the advanced techniques of microsurgery. They bring to the region the very latest techniques in cosmetic & reconstructive plastic surgery. Elite Cosmetic Surgery Group distinguishes itself through the quality of care, level of service, attention to detail, and utmost concern for patients' wellbeing. Elite Cosmetic Surgery Group takes pride in offering the finest expert surgeons and highest levels of care and aftercare at the best hospitals available. Every Elite Cosmetic Surgery Group patient has surgery tailor made to fit their specific needs. Some of the procedures offered at Elite Cosmetic Surgery Group include cosmetic surgery of the face (including facelift, eye, nose, ear and eyebrow procedures), breast surgery (including enlargement, uplift and reduction), and body contouring (including liposuction and tummy tuck). In the field of Reconstructive Surgery, procedures include breast reconstruction, Head and Neck, hand surgery, post burn and trauma reconstruction. Elite Cosmetic Surgery Group also offers an extensive range of non-surgical face and skin treatments, including Line & wrinkle smoothing, skin peels, dermal fillers, and a range of laser procedures including hair and scar removal. Elite Cosmetic Surgery Group also carries a wide array of quality

medical grade skin care products. With instruction from Elite Cosmetic Surgery Group's specialist team, patients may use many of these products alone or in combination with their surgical and non-surgical treatments to achieve the best possible results.
