We have more than 15 years of experience in offering turnkey interior solutions with LED lighting to our clients covering residences, villas, hotel apartments, offices, shopping malls, swimming pools and gardens. We also design, build and manage projects for internationally custom built displays and modular system exhibition stands with beautifully crafted custom stands which embrace your company's vision and values. We understand the corporate needs of our valuable clients and offer the branding and corporate identity solutions which include brand strategy planning and implementation. We specialize in innovative design solutions covering both aesthetic and engineering designs. We believe in research and development and continuous improvement. We offer all related support to our corporate clients globally. Our Engineers have strong design and detailing experiences. We carefully cover the product design, prototyping, quality testing and certifications. Our state of the art production facilities strategically located globally support us to offer our clients very competitive solutions within budgets and time. Our clientele database includes Al Ghurair, Al Futtaim Group, Al Ansari, Sabari Indian School, Sahara Center and many others. We equip ourselves with up to date market trends and technologies to meet all your corporate requirements.
