AMC Design is a global IT solution provider. We deliver Information Technology

Solutions and Services to the business industry like small and medium business and

individuals. We are focused to provide cost effective Business Software solutions, IT

security, IT networking and System administration. At AMC Design, we offer end-to-

end solutions to meet your specific business objectives. We use Internet as the

driving medium. Our 360 degree solutions meet your needs from the perspective of

both a service and functional requirement. We ensure you get the solution that

works for you - every time.
