TOM Period Wear – Sustainable, Leak-Proof Period Underwear in the UAE
TOM Period Wear is the UAE's trusted destination for award-winning, sustainable period underwear, swimwear, and activewear designed to keep you comfortable, confident, and protected every day of your cycle. Based in Abu Dhabi and delivering across Dubai, Sharjah, and all GCC countries, TOM Period Wear offers a wide range of leak-proof, reusable, and breathable underwear that replaces single-use pads and tampons — helping you live sustainably while saving money and reducing waste. Our collection includes everyday styles such as bikini, hipster, midi brief, high-waist, and full brief, as well as period sports shorts and leak-proof swimwear for beach and pool days. With absorbencies from light to super-heavy flow, TOM Period Wear has something for every body and every lifestyle. We proudly stock award-winning global brands like WUKA (UK) and AWWA (New Zealand) alongside our own TOM organic cotton range, all made from breathable, eco-friendly fabrics like GOTS-certified organic cotton and TENCEL™. For teens and first-timers, our First Period Kits and Teen Packs make starting periods easy, empowering, and worry-free — perfect for schools, parents, and gift giving. We believe in comfort, confidence, and care: leak-proof protection that looks and feels just like normal underwear. TOM Period Wear supports the UAE's sustainability vision and COP28 goals by helping reduce plastic waste and landfill. With free UAE shipping, easy returns, and sizes from 3XS to 6XL, we make sustainable period care accessible to all women and girls in the Emirates. Wear the change with TOM Period Wear — the UAE's home for reusable, leak-proof, and sustainable period underwear. Visit www.tomperiodwear.ae to shop online or follow us on Instagram @tomperiodwear for product updates, tips, and community stories.
