In the 43 years since it was founded, the Dubai-based Al Ghurair Group has expanded into a wide range of business interests, including manufacturing in many industries and commercial property management. Al Ghurair's aggressive growth strategy has made it into one of the United Arab Emirates leading enterprises. Under the umbrella of the Al Ghurair Group Of Companies, there are many private companies and a few of them are: Arabian Can Industry Al Ghurair Real Estate Arabian Packaging – Corrugated Burjuman Center Arabian Packaging – Flexible Al Reef Mall Gulf Extrusions Taghleef Industries. Situated in the industrial Area of Jebel Ali, Dubai, Arabian Can Industry (ACI) is well-known for its quality, reliability and stability. ACI has an integrated and versatile can plant having full in-house facilities for tinplate printing, coating and fabrication of built up cans & component making. By using modern machineries in printing & design technology, manned by highly trained & qualified employees, the factory has got the capacity & facility to produce any item related to food/general cans, ends/components and printed sheets. To meet the international standard and first quality, Arabian Can Industry is always using high quality raw materials under the stringent control and supervision of experts.
