Air France-KLM Cargo & Martinair Cargo is a well established cargo airline, operating scheduled and charter services on a network covering almost all continents. Since the KLM Group became sole shareholder of Martinair Holland NV on December 31, 2008, Air France-KLM Cargo and Martinair Cargo have gradually intensified their cooperation. Our full freighter network is jointly designed by Air France-KLM Cargo and Martinair Cargo. We can ensure quick response times to changing requirements of the cargo industry and/or specific customer requests. A central freighter desk is available to handle all your non-standard logistics routing requests. Sales Office Air
