IMECO started working for ADNOC Group companies, government sectors and international contractors from the early 1980's. It has a strong presence in the oil sector having maintained good relations and completed contracts for all the oil related companies based in the Abu Dhabi region. Since its establishment, IMECO has executed over 500 projects in the field of engineering involving over 120 million documented man hours. Consistently growing, our 6000 strong permanent workforce is largely made up of technical field personnel and skilled labour. Major work is carried out in and around the Abu Dhabi region, including the entire Western region, Delma, Das, Marawah, Ras Ghorab & Zirku Islands, as well as Zakum, Satah and Bab fields. IMECO has achieved and maintains the ISO 9001, ISO 14001 and OHSAS 18001 standards by BVQI for Civil, Electro-Mechanical, Instrumentation, Landscaping & Irrigation Contracting, General Maintenance and Technical Manpower Supply. The company holds an exceptional track record for zero Lost Time Incidents in every sector and is a proud member of The British Safety Council.
