Since its inception in 1974, Unimar has become the synonym to high quality Public Health services throughout the USA & the Middle East. Unimar proudly covers the whole spectrum of the health services industry: ranging from Pest Management, Termite Proofing & Control, Bird Control and Hygiene Services. All of these services are catered with care to residential, commercial, and industrial sectors.

With a highly qualified (Boasting a wide) array of staff including technicians, engineers, field experts, and qualified entomologists, all of these teams are supported by the latest of technologies, equipment, and scientific programs to ensure our quality services. This complete and tightly-knit structure insures high quality of wide range services conforming with the American and British standards adopted to the Middle East region environmental Knit.
