Equipped with state-of-the-art technology, Al Inayah is the premium electromechanical organization founded in 1993 with a mission to serve and a vision to succeed. We are proud to have ISO 9001 certification. We are committed to providing the best expertise and products one can offer in electromechanical and contracting business under one roof. Our aim is to provide total solution with excellence like never before. At Al Inayah, we deal in a wide spectrum of portfolio such as Electrical goods, Air Conditioning, Mechanical, Public Address System, Fire Alarm System, Fire Fighting, Telephone Network, Card Access System and other Low Voltage Systems, Instrumentation, Medical, Laboratory Gas, Medical Equipment, Compressed Air Work and host of others. We believe quality speaks volume. That's why we strive hard to supply the best of both worlds. We have set standards per excellence to challenge ourselves and beat the ISO quality benchmarks.
