At Clarion Sign LLC we aim to produce the best printing and signage in the Middle East. Clarion Sign LLC was established over 10 years ago servicing Dubai the UAE with industry leading bespoke fabrications of all aspects of signage, digital printing solutions and marketing material. Over the years we have grown into a well established organisation with capabilities to provide complete signage solutions including in-house acrylic fabrication, metal work and welding and digital printing solutions. Clarion Sign operates from two locations, our local office from Deira and our main factory from Dubai Investment Park where we have a purpose built production facility containing 13,000 sq. ft. of working area. Our facility is equipped with industry standard specialist machinery and equipment tailored to our needs to enabling us to produce to high quality fabrications to high end client specifications.
