ASGC's success story is one of dedication and skill, accomplished in a remarkably short time. Established in 1989, ASGC became an integral arm in Dubai's growth story. ASGC devoted its expertise to over 250 projects worth billions of dollars, continuously delivering the highest level of quality surpassing all our client's expectations. By placing great importance on the principles of Safety, Quality and People, we have been able to satisfy our clients' needs on every project. Using state-of-the-art construction techniques and equipment, we have earned a dominating reputation as one of the most professional contractors in the industry. We provide thorough and diverse contracting services through our sister companies ranging from interior fit-out to façade installation. With more than 22 companies listed within the group, we can offer you a complete portfolio of services matching your needs, designs and quality standards. Our ambition is to extend our reach globally through our active pursuit of bigger challenges and exhilarating opportunities.
