Alubat Middle East FZCO was established in 1998 and located in the Middle East's most prestigious Jebel Ali Free Zone, to manufacture specialist metal and glass products for a varied client base throughout the Middle East, using state of the art technology and equipment. Alubat is related to the noblesse group of companies in Germany and France, est. 1973, who have, besides metal and glass, substantial experience in the manufacture of composite products. In 2006, an aviation composites division was established to manufacture composite products to service the requirements of the civil aviation crew training growth market in the Middle East.
