We, at Art Design Dubai based company, believe in making you feel happy at home.

We achieve that by offering exclusive furniture lines and interior design services that appeal to your taste. For over 10 years, we have been called on for a diverse range of prominent fit-out projects, creating exciting environments for local and multinational clients in the Middle East. We operate in three distinct fields – interior design, turnkey furniture packages and retail. Our specialization is in the creation of residential design solutions. We offer consultancy and design services such as space planning, concept design and detailed design while working closely together with the world leading manufacturers and suppliers of products and materials. However, our ultimate responsibility is you, our client. We ensure that every client brief, regardless of its complexity, is interpreted into flexible, durable and cost-effective design solutions, by our dedicated team of professionals. Thus, we deliver each project within the specified time frame and budget
