Emirates Extrusion Factory LLC - a subsidiary of M'Sharie LLC, the private equity arm of Dubai Investments PJSC, was established in 1993 in Ajman, UAE where it has gained a renowned position over the years for being one of the most dynamic and innovative aluminum extrusion companies in the Middle East. The investments in technology made in recent years and our employees' high level of expertise have enabled us to offer a wide variety of aluminum extrusions and profiles that meet our customers' specific needs. Our reputation for excellence is based on quality and innovation.
