Karama Medical Centre established in 1992. We have completed 13 successful years of quality medical care and serve. OUR GOALS AND ACHIEVEMENTS Provide expertise medical care for local and expatriate patients Strive to build a healthy patient to doctor relationship Provide prompt medical care during emergencies Give importance to the overall health & well being of our patients Aim for long term mutual understanding with our patients Have excellent experience on the corporate sector Are working with many renowned companies for more than 10 years Provide tailor made programmes as per objectives & requirements of individual clients Have an excellent team of well experienced doctors & paramedical staff A visit to Karama Medical Centre is like being at your family doctor's home. Informal and immensely accessible, KMC is a preferred medical centre for the expatriate community as well as UAE nationals in Dubai , for its efficiency of service and the high standards of medical care it upholds. We have specialised doctors in Paediatrics, General Medicine, General Surgery, Dentistry, Obstetrics & Gynaecology, Orthopaedics and Physiotherapy. More departments will be added very soon and until then, we have a panel of referral doctors in the area ENT, Skin, Ophthalmology , Neurology and Cardiology with the view of providing `Total Care' health service to our individual

and corporate clients. We have a high aspiration of developing this institute to a multi-speciality Medical Centre to provide optimum health services under one roof
