Welcome to Colliers International Middle East. As part of the Colliers Global network our middle east offices offer a full range of real estate consultancy services in all major market sectors covering offices; retail; residential; hotel and leisure as well as industrial properties.

From our corporate offices in Abu Dhabi and Dubai we are market leaders providing a broad range of real estate services throughout the United Arab Emirates and Gulf region. Mandates can be undertaken directly from our UAE headquarters or where required we can service projects through various affiliates located in most regional satellite markets.

With a staffing compliment of over 100 and a multi lingual team of real estate professionals we pride ourselves on our ability to offer a truly in depth professional service gained from our many years of active involvement in the middle east real estate sector.

Our services include: property & asset management; leasing; corporate advisory; development consultancy; valuations, market & feasibility studies; investment and fund management as well as the regions leader in specialist retail consultancy & advisory division.

We invite you to explore our site and please feel free to contact us at our office locations detailed below or through the individual links accessed through the above tabs.

Contact Person: Mr. Stuart Gissing
