TIS provide efficient and complete security solutions for the companies, who concern about their threat protection and people safety, needed to be integrated with various security solutions, including access control, biometric security, CCTV systems, face-recognition and other solutions. TIS Dubai has grown rapidly in last year's and cover, not only the UAE market, but the entire Middle East and GCC. Our success is backed by a strong business oriented philosophy, providing protection, safety and security solutions to all security pre-qualified dealers, security firms and organizations. TIS evaluation process gained the reputation in the region by offering high quality security products and safety services. Business today is getting more complex and the need for integration in every aspect is dominant, not only as the threat to efficiency but also a threat to security. Every business, from the smallest outlet to the biggest enterprise needs to have a certain degree of protection where it is supported by expertise and professionalism.
