At SARA AUTO CARE car maintenance is not merely a science, it is a philosophy. We appreciate and understand that more than being a status symbol, your car is an extension of yourself, your trustworthy and reliable companion. We provide total bumper-to-bumper solutions in car maintenance, and ensure that the four pillars of car maintenance are always considered in our endeavour to ensure a professional service to our customers. Pillar #1. Car body • Car polish every 6 months to protect from oxidation  
Pillar #2. Valeting • Interior cleaning / Fabric protection 1-2 times a year  
Pillar #3. Paint protection • Sun burn prevention, bird dropping resistance etc  
Pillar #4. Under Chassis • Rust prevention / Corrosion resistance treatment.  
Besides regular maintenance services we go the Extra mile to give cars the feel-good, look-good touch.
