

AC Resonant System (HCRS Serial)

Pudong new area,shanghai, China
201209
China

Phone: 86-21-38810278
Fax: 86-21-38810278

Mode: HRTS serial

Cylinder type

Voltage: 30kV - 2000kV

Resonant test systems are designed for high voltage testing of capacitive test
objectssuch as power cable, generators, bushings, capacitors.
