The company only out-sources its raw materials from the most reliable and reputable suppliers across the globe. This is so SUNRISE METAL COATING LLC is able to guarantee its finished product is invariably of the highest possible quality. Like other respected coil coating lines, it follows the standards set by the ASTM, ECCA/NCCA, EN and JIS. The company is currently working its way towards ISO 9001 certification. Strategically located at the Dubai Investment Park in the Jebel Ali area, Dubai, SUNRISE METAL COATING LLC has the fastest coil coating line in the U.A.E. It has a maximum speed of 50 m/min which gives it the clear advantage of providing large volume orders to customers in accordance with tight deadlines.
