Our tours come with a warning label: This can get addictive! We don't only focus on fishing, we also provide tours for our clients: chill out, get a tan, snorkel, scuba dive and cruises to the islands; all in the ambience of good music, let us take the responsibility to create the atmosphere for you. Our tours are designed to cater to corporate outings and all types of private groups so if you are a fan of getting some sun, sea and sand then "Go Fishing Tours" is for you. You do not have to be an extreme fishing fanatic to go on a tour with us!
